AI Workshop: Beyond Intelligence, Grade 4 and Grade 5

Dear Students and Parents,

Greetings of the day!

We are pleased to inform you that Kothari International School, Noida (IB & Cambridge), in collaboration with RISE – A Venture by Ducat, is organizing an informative AI Workshop for students.

The workshop will be conducted by Mr. Tushar Belwal, CBO – Ducat RISE and Ms Harshita Gupta.

Workshop Details:
Day/Date: **Tuesday, 3rd February 2026**
Time: **12:30 PM – 2:30 PM**
Venue: **IB & Cambridge Building**

This workshop aims to introduce students to Artificial Intelligence (AI) in a fun, simple, and age-appropriate manner. Students will learn what AI is and how it is already a part of their everyday lives through mobile phones, games, and learning applications. The session will help students understand how machines can see, listen, and respond, making technology feel less mysterious and more engaging. Through hands-on activities, students will also explore AI tools for creative tasks such as drawing and storytelling. By the end of the workshop, students will gain basic knowledge of AI while developing curiosity, logical thinking, and confidence in using technology—encouraging them to explore and learn beyond the classroom.

All students are required to attend this workshop, as participation is mandatory.

Warm regards,

Mrs. Tejinder Kaur
Head of School (IB & Cambridge)
Kothari International School
