Water cover seventy percent of our planet and we rely on them for food, energy and water. Yet, we have managed to do tremendous damage to these precious resources. We must protect them by eliminating pollution and overfishing and immediately start to responsibly manage and protect all marine life around the world. Pondering on ways to address this pressing issue, Class 2 D showcased their assembly on SDG-14-Life Below Water on 17th January, 2020. They presented through a musical drama and dance. To develop awareness and love for good handwriting, an 'English Handwriting Competition' was organised at KIS on January 23 rd, 2020 for K2 students. Handwriting is an essential skill for children. The competition brought out the talent and creativity of the students. It was a successful event as all the students enthusiastically participated in the event.

Practical knowledge is the best way to make students understand the concepts. Keeping this in mind Kothari International School organised a field trip for K1 students to Spencer's Retail store, Noida on January 30th, 2020.

The trip was a part of the ongoing theme 'Fruit Basket'. It is a theme in which students get to know the importance of healthy eating habits. Various seasonal fruits and vegetables were introduced and children were also made aware of the balanced diet.

They were given money to purchase their favourite fruit or vegetable from the respective counters and collect the receipts. Children were made to understand the importance of money. The visit also reinforced the concept of name, colour and size of the fruits and vegetables.

The students on their way back discussed about their shopping experience and after reaching school they had a fruit chaat party. It was a complete hands-on approach to make learning enjoyable and fruitful.
