SELF REFLECTION AND APPRECIATION PROGRAM

Dear Parent

Namaskar!

We are pleased to inform you that Kothari International School, Noida is introducing one of its kind initiatives to acknowledge and appreciate good behavior displayed by the students. With Kothari's ethos of helping students bloom in every sphere of life, the school has intricately curated the *Self Reflection and Appreciation Program*.

The Program has the following stages:

- 1.The student is expected to self-reflect and appreciate oneself by rating himself/herself on various areas related to behavioral parameters. He/she will reflect once every week i.e., every Friday which means four times a month.
- 2.At the end of every month, the Students' Self Reflection Responses would be shared with the respective grade tutors for their feedback. On the basis of self-reflection of the students and the feedback of respective grade tutors and subject tutors, "Star of the Month" Certificate would be awarded to the few selected students.
3. A student would be "Awarded – Star of the Year" after earning at least 9-10 certifications throughout the year.

The Google Form would be shared with the students by their respective grade tutors.

Best Regards

Dr.Sangeeta Arora
Principal
Kothari International School
