KIS/AUGUST/22-23/116

17/08/2022

Dear Parent

Namaskar

"You never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete."

~ Buckminster Fuller

We are excited to bring you Aranyaarth's **Sustainability Game Design Competition**. In this **nation-wide** competition, participants would come up with a game whose aim is to spread awareness and educate the people around them about Climate Action.

Certain games, apart from being a source of entertainment, could also double up as powerful tools for educating ourselves and those around us. Games can teach discipline, honesty and help us form new habits.

It's time to get creative and think of ways in which you can directly/indirectly teach others about climate change and sustainable living in a fun and entertaining manner.

The important details are as follows: -

1. Register individually or in a team of up to 3 members
2. Complete the course what is climate change and sustainability, free for the participants who register for the competition.
3. Design and submit your game before 31st August.
4. Top 100 selected students across India get an opportunity to-
 - a. Participate in the Ecovillage design and Education experiential learning tour, to be certified by Gaia Education and recognized by UNESCO.
 - b. A chance to join Growth Ambassadors Club at Aranyaarth where students work on climate action and work on small projects together.
5. Eligibility-Students of the age: 13-17 (7th -12th Standard)
6. Registration Fee: INR 999/-
7. Last date of registration is 22nd August.

Interested students may register through the link <https://education.aranyaarth.org/game-design-competition>.

Warm regards
