Dear Parent

We are pleased to inform you that Kothari International School is providing the platform to our young challenging students to register for 'The International Award for Young People, India.'

The International Award is an exciting Self-development Programme available to all young people worldwide aged between 14-25 years. It equips them with life skills, builds their confidence and encourages them in their communication to make a difference to themselves and to the world by participating in a variety of voluntary and challenging activities through the Award Programme.

An important thing is that we need to create a spirit of doing things beyond ourselves. The kids of this generation are very sharp. We just have to guide them the right way and push them to do bigger things.

The Award is a balanced programme with a framework of four sections. There is no competition between participants. The Award recognizes an individual's improvement and hard work according to their capabilities and helps the participant realize his/her potential and encourages young people to grow from their own strengths.

Timescales for the Awards (Minimum time requirements...the participant is encouraged to continue the activities so as to achieve the personal goals)
