KIS/2023-24/SEP/251

Grades K-12

20.09.2023

Dear Parent
Namaskar!

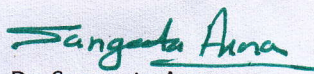

We have received reports of some instances where students' school domain IDs were misused as the students are still using the default common password provided by the school.

We request you to create a strong password of atleast 8 characters comprising of one special character (mandatory), alphabets and numerals, for safety and security purposes.

Kindly get it changed by 29 September 2023 thereafter the student will not be able to access his/ her account with old password. Please do not share this password with anyone.

Looking forward for your cooperation.

Warm regards

Dr. Sangeeta Arora

Principal

Kothari International School, Noida
