Grades 3, 4 & 5

November 22, 2023

Dear Parent
NAMSKAR!

Kothari International School, Noida has been offering **Cambridge International Programme** from 2015 for Lower Secondary (Grades 6-8), IGCSE (Grades 9-10), A Levels (Grades 11-12).

Our graduating students have been National and International toppers and have sought admissions in high-ranking National and International Universities and have written great success stories in their lives.

We are delighted to inform you that **Kothari International School** is expanding its academic offerings to include **Cambridge Primary** Grades 4 and 5, starting from the upcoming academic year i.e. **April 2024**.

This marks an exciting milestone for our school as we continue to enhance our educational programs to provide your child with the best learning experiences.

The Cambridge Primary curriculum is renowned for its global standards and holistic approach to education. By introducing Grades 4 and 5, we aim to provide your child with a solid foundation for future academic success and give them the freedom to learn and express their thoughts.

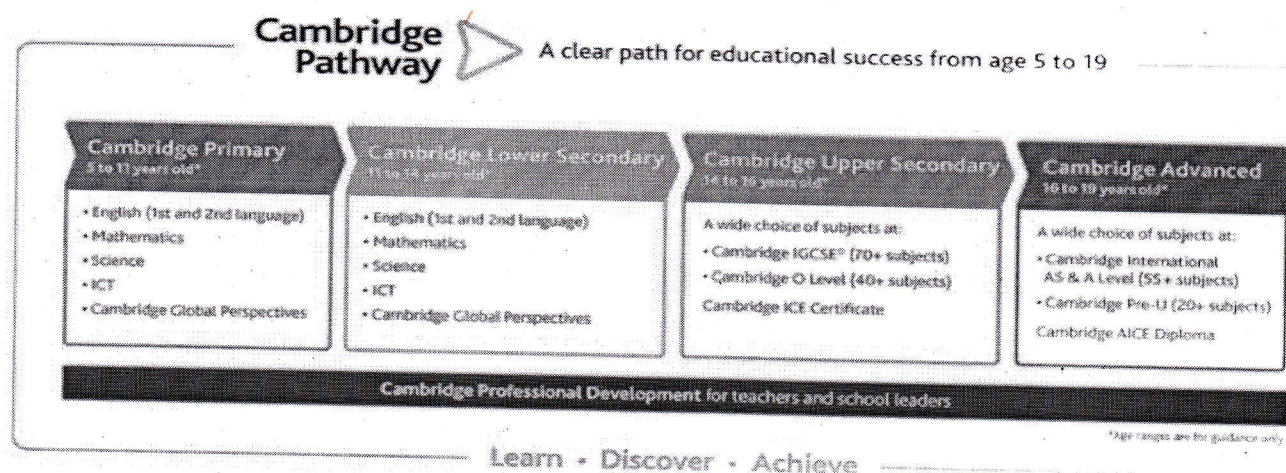

The key benefits your child will experience by being a part of Cambridge Primary at **Kothari International School**.

International Recognition 'The Cambridge Primary curriculum stands recognition and opens up opportunities for your child, whether they continue their education locally or internationally.

The curriculum includes a well-rounded education that nurtures creativity, critical thinking, and effective communication skills and leads to Holistic development of the Child.

Cambridge Primary uses a continuous assessment approach, allowing teachers to understand each child's learning style and **tailor their teaching** to meet individual needs. This **personalized approach** helps ensure that every student reaches their full potential and the assessment is thus for the learning and not stand alone. Students are also encouraged to set their personal goals in the process.

The curriculum encourages **active learning**, with a hands-on and inquiry-based approach to education. It encourages curiosity and drives the students to research and explore. This fosters a love for learning and helps students develop a deeper understanding of the subjects and not only prepares students for the next stage of their education but also equips them with essential skills to be responsible for their learning and also makes them ready for the jobs that do not exist and thus **Future-ready**.

We invite you to attend an interactive session to develop insights into the unique features of the Cambridge International Programmes.'

We are confident that this expansion will contribute significantly to your child's academic journey, and we look forward to your continued support.

Should you have any questions or require further information, please feel free to contact us at admissions@kotharischool.edu.in . We request you to fill the Google form.

Thank you for entrusting us with your child's education.
