SUBJECT – SOCIAL SCIENCE

SECTION 2

DURATION – 45 Minutes

Name: _____

Class: _____ Section: _____ Date: _____

General Instructions:

1. This paper consists of 3 printed pages. (including map)
2. Read all the questions carefully.
3. All the questions are compulsory.

Q1. Answer the following in brief.

- a) How is subsistence agriculture different from the commercial agriculture? In your opinion, which one is more useful for India?
- b) **Agriculture fulfills basic needs of humans.** Support this statement with the help of two examples.
- c) What are fossil fuels? Why are they considered as non-renewable resources?
- d) Charlie's father runs an electric car. Which renewable energy source would be most suitable for powering it and why?
- e) Mr. Ratan wants to set up an iron and steel industry. Would he set it up in Jharkhand or Maharashtra? Give a reason for your answer.

Q2. Read the following passage carefully and answer the questions.

Agriculture is a primary activity. It includes growing crops, fruits, vegetables, flowers and rearing livestock. In the world, 50 per cent of persons are engaged in agricultural activity. Two-thirds of India's population is still dependent on agriculture. Favourable topography of soil and climate are vital for agricultural activity. The land on which the crops are grown is known as arable land.

Rajkaran owns an agricultural property on the outskirts of Haryana's Sirsa city. He intended to grow a variety of crops for winter crops. So, he split his territory into some different shapes. He planted tomatoes, mustard seeds and spinach for sale, and mixed greenery for his own and his family's consumption.

- i. What is vital for agricultural activity?
- ii. How does this practice of cultivating vegetables for personal consumption benefit Mr. Rajkaran?
- iii. What type of farming does Mr Rajkaran do? Name some crops grown by him.
- iv. What do you understand by livestock. Give two examples.

Q3. Observe the picture given below and answer the questions.

- a) What type of resource is this?
- b) In what ways is the resource useful for us? Write any two uses.

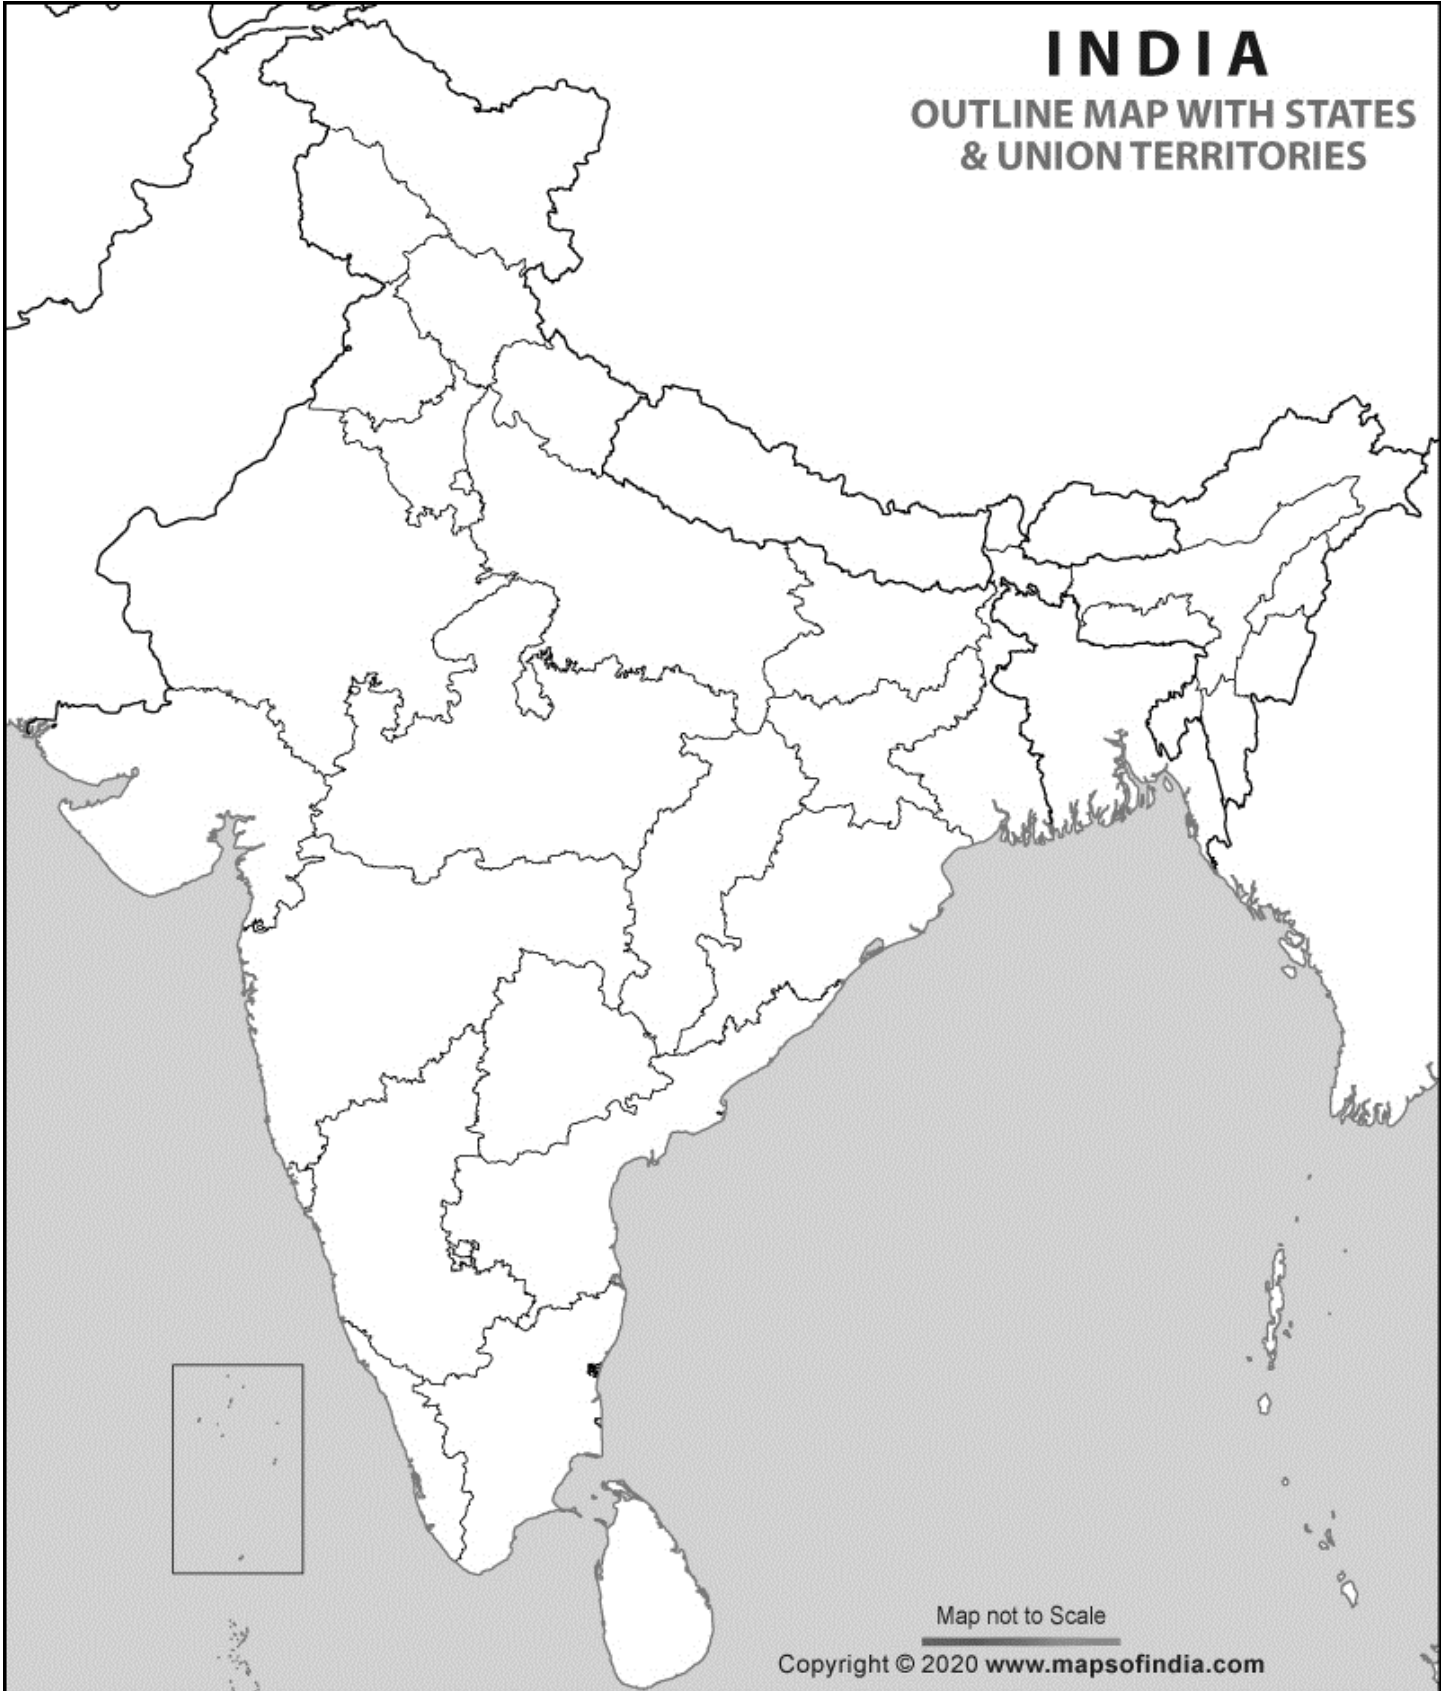

Q4. Mark the following on the given Political Map of India.

- a) Any two Pulses producing states of India
- b) Any two Cotton producing states of India
- c) Any two Wheat producing states of India
