## Indo German Students' Exchange Programme 2025-26

Dear Parent,

KIS believes in providing opportunities beyond the textbooks to promote a spirit of enquiry amongst the students. **Our School has already organized two successful Exchange Programmes in the session 2016-17 and 2019-20,** Wherein 22 students participated in each 'Indo- German Exchange' with our partner school (Eric Kandel Gymnasium) in Germany. It was a very fruitful and successful exchange of ideas.

As our endeavors to continue with Exchange Programmes to provide opportunities to our students to explore other cultures and traditions closely, we are again starting with another round of Exchange Programme with our partner School (Eric Kandel Gymnasium) for the session **2025-26**.

The objective of the project is to showcase German as well as Indian rich art and culture. The students will exchange knowledge of the rich Indian and German cultural heritage. This will arouse an interest and curiosity among the students of both the countries for further events to be held in the coming years.

The students will stay with the host families in Germany, participate in normal school activities with their German partners. They will learn about German school system. Many other activities will be planned for them. **The selected Indian students from our school would visit Germany in the month of May 2025 and would be staying with the respective families of German students.**

**The details of the Project are as follows:**

Tentative month of travel of Indian students to Germany	Place of travel	Duration of stay	Tentative cost of the trip	Amount to be paid by May 03, 2024
