CUET Preparation Program
KIS X Career Launcher
Grades 11-12

Dear Parents/Guardians,

At Kothari International School, we are constantly striving to provide the best opportunities and support for our students to excel academically and personally. With this goal in mind, we are delighted to announce an initiative aimed at further enhancing the educational journey of our students in **Grades 11 and 12**.

After careful consideration, we are pleased to inform you that **Kothari International School is joining hands with Career Launcher** to introduce a comprehensive CUET (Common University Entrance Test) Preparation Program. This decision has been made based on extensive feedback received from past year students and our commitment to providing holistic support to our students.

The CUET Preparation Program will be an after-school initiative designed to equip our students with the necessary skills and knowledge to excel in the competitive landscape of higher education entrance exams. These preparatory classes will be conducted on **Saturdays** within the secure confines of our school premises, ensuring a safe and conducive learning environment for our students.

In addition, we are delighted to announce that the CUET Preparation Program will be offered at exclusive discounted rates for Kothari International School students. This special offer is our way of demonstrating our commitment to providing accessible and high-quality education to our students.
