## Grades 4-12

Dear Parents,

Namaskar!

Our environment is the greatest gift of Mother Nature to us. A clean environment is vital to have a peaceful and healthy life. But because of some negligence of human beings, we have put our nature on a dangerous threshold.

In order to make the generations to come more sensitive and concerned about their environment and to reinforce positive attitudes and values towards preserving it, the students of Kothari international School, Noida under the **CBSE SEWA Project** will conduct a plantation drive in the first week of August 2024. SEWA aims to develop a whole person in their intellectual, personal, social, emotional and social growth.

Learners engaged in this program are expected to be life-long learners and through experiential learning develop as active citizens and caring and compassionate humans.

This is a collaborative project where students of each section are required to arrange and plant **5 Ashoka trees of 5 feet** in the school premises. The schedule of plantation drive will be shared soon.

Warm Regards

Dr Sangeeta Arora

Principal
