Precautionary Measures for Increasing AQI Level

Dear Parents,
Namaskar!

In view of the escalating pollution levels, the school is implementing the following precautionary measures to safeguard the health and well-being of all students:

1. Hydration of campus roads and plants will be maintained by sprinkling water throughout the premises twice daily.
2. All morning outdoor practices are hereby suspended until further notice, pending improvement in air quality.
3. Sports Day practice sessions will be conducted indoors to minimise exposure.
4. Regular sports classes are suspended until conditions are deemed safe.
5. The situation is being closely monitored, and parents will be informed promptly of any updates or changes to these measures.
6. Parents are requested to ensure that their children are equipped with N95 masks when attending school.

Your cooperation and understanding during this period are greatly valued. The safety and welfare of our students remain our highest priority.

Warm regards

Dr. Sangeeta Arora
Principal
